

How it works:

Once we receive your items we will go through and select the items we believe will sell. It takes us about a week to list, photograph & post your items online. Once we have, we'll email you with a link to your unique consignor ID so that you can view your items in our online store. Our consignor payout is based on a percent of the selling price detailed below under the *Pricing & Commission* section. Items are consigned for a period of approximately four months. During that time, monthly price reductions occur at 20% off each month. At the end of the consignment period, or if we decide that we will not accept any of your items to sell, you are responsible for scheduling to pick them up or having them returned to you. Items can also be donated to a local charity and by request we can send you the receipt for the tax deduction.

Pricing & Commission:

Prices are set by Modo Boutique unless otherwise requested. Items are typically held for a four month period with 20% markdowns taken each month. Our commission & payout structure is based on the table below:

| Final Sale Price of Item | Consignor % | Modo Boutique % |
|--------------------------|-------------|-----------------|
| Under \$150 | 50% | 50% |
| \$150-\$300 | 60% | 40% |
| Over \$300.01 | 70% | 30% |

Payments:

At the end of each month, when your proceeds (sales from the previous month) amount to \$30 or more, a check will be mailed to you with a detailed breakdown of the items sold and your payout for each item. If your proceeds amount to less than \$30, they will accrue to the following month.
